

NEW FROM MAD BEAST INTERNATIONAL!

Jonny's Christmas Eve jams with his celebrity pals are a thing of legend. But what the stars *didn't* know were that those duets of holiday standards that they were singing with Jonny were being recorded! Now the lawsuits have all been settled, and you can be a fly in the wall of some of the most star-studded Christmas jams of all time. Listen to a pre-chubby Linda Ronstadt singing *O Holy Night* while trying to keep Jonny from getting a hand down her pants! Or a drug-addled Janis Joplin attempting to get through *I Saw Mommy Kissing Santa Claus* before succumbing to DTs. Make these never-before-heard holiday recordings a part of your family's Christmas tradition for decades to come!

Jonny's #1 bestseller offers a desperately needed set of morals of how other people should live, based on his own extremist right-wing views. "The philosophy laid out in this book doesn't really work for my own jet-setting lifestyle," explains Jonny in the preface, "but for your average blue collar slob I think this is definitely the way to go." Now in its seventh printing, *My Rules for How to Live Your Life* is available in 67 languages (including Yiddish and Sanskrit in February).
